

Episode 2 – A Tomb in the Jungle Sweating it Out

Draw something from the ancient Mayan town that C.T. was able to explore:

Can you draw the other side of this pot to show a line of symmetry?

Why is it important for your body to keep a normal core body temperature? Hint: Answer the question in detail by explaining the importance of sweat.

Fill in the blanks with the correct letter from the word bank:

C.T. is allowed to go to ____ with Terry and Victor and is given an introduction to the Maya ruins by ____, Terry's daughter. Terry explains how she arrived at her theories of how Palenque looked in ancient times. She explains that the Maya liked to build with _____. Quiche' shows C.T. the tomb of ____, a Maya King who ruled Palenque, and translates some of the Maya _____. C.T. learns some interesting facts about the ancient customs and buildings.

Word Bank:

- A. Palenque'
- B. hieroglyphs
- C. lines of symmetry
- D. Quiche'
- E. Pacal
