

Episode 3 – A Light in the Dark As the Earth Turns

Draw the scuba divers in action:

Draw a picture of C.T. standing to make a sundial. Then show where his shadow was in the video. Bonus: Do you remember what time it was?

Who do you think built the fire by the temple?
Support your prediction with details from the video.

Fill in the blanks with the correct letter from the word bank:

Pepper joins Captain Grandville as the ____ on the Mimi. One night they spot a boat running dark inside the reef off the coast of Tulum' and notice a ____ on the cliffs. When the Captain investigates the next day, he finds the remains of a ____ near the opening in a small ____ on the cliffs. He thinks the temple might have been built as a ____ to guide boats through an opening in the _____. Tomas' Segovia, chief archeologist at Tulum', has another theory: that the temple was built by ancient Maya astronomers to _____.

Word Bank:

- A. mark the winter solstice
